

NAS 101

Introduction to ASUSTOR NAS

Learn about the basic features and
benefits of ASUSTOR NAS

ASUSTOR COLLEGE

COURSE OBJECTIVES

Upon completion of this course you should be able to:

1. Have a basic understanding of ASUSTOR NAS
2. Understand some of the basic features and benefits of ASUSTOR NAS

PREQUISITES

Course Prerequisites:

None

Students are expected to have a working knowledge of:

N/A

OUTLINE

1. Introduction to ASUSTOR NAS

1.1 What is an ASUSTOR NAS?

1.2 What can ASUSTOR NAS do for you?

1. Introduction to ASUSTOR NAS

1.1 What is an ASUSTOR NAS?

An ASUSTOR NAS or network attached storage is a computer appliance built from the ground up for storing and serving files. It consists mainly of one or more hard drives, an Ethernet connection and an operating system. It attaches directly to a network, allowing those on the network to access and share files from a central location.

1.2 What can ASUSTOR NAS do for you?

First and foremost, ASUSTOR NAS allows you to share amongst your network. It provides a centralized storage solution for your network, allowing you to share files and storage space. You won't need to keep multiple copies of the same files on multiple hard drives for everyone to access. All devices that are connected to your network will be able to access the same files from your ASUSTOR NAS. As well, ASUSTOR NAS allows for printer sharing. All devices that are in your network will be able to use the same printer, as long as it is connected to the ASUSTOR NAS.

Additionally, ASUSTOR NAS provides centralized backup and data protection for your most valuable digital assets. All your files will be backed up to one central location, where you can access them at any time. We provide hardware and software solutions that are always automatically and continuously backing up your data, giving you the peace of mind that your files are always safe and secure. Backing up and protecting your data has never been this easy.

Furthermore, ASUSTOR NAS provides you with remote access to all your data, effectively creating a personal cloud to meet your digital lifestyle needs. You will always have access to your data no matter where you are. All you will need is an internet connection. Imagine the possibilities. Your ASUSTOR NAS will allow you to stream multimedia to all your mobile devices, game consoles and media players. You can have access to all your music and movies while on the go. You will also be able to share your files with your family and friends.

Finally, ASUSTOR NAS offers many customization options through a rich variety of downloadable apps. Use App Central to browse and download any apps that peak your interest in order to add functionality to your ASUSTOR NAS. Whether your interests lie in business, website construction or even digital home entertainment, App Central provides you with the boundless variety of applications that you require to satisfy your digital lifestyle needs.
